2025

We feel hereby immense pleasure & great delight to

introduce ourselves as our Company **Mizu Bathware LLP** started at Greater Noida for a wide range of P.T.M.T. Sanitary & Bathroom fittings, Accessories & Allied products which are conforming to BIS & International Standards. Since inception, **Mizu Bathware** has a strong Philosophical & Customer Focused approach with a continuous quest for World-Class quality to sustain leadership in this new venture. From a humble journey started in 2012 by Manufacturing AAC Blocks & subsequently another plant of Tiles/Stone Adhesives, Grouts & Wall Putty with Self Owned Brands "**Kay Bond & Aureate**" & as an OEM for Few Reputed Brands also. In 2016, the Partners diversified into Electronics & Consumer Durable products by manufacturing & supplying as an O.E.M. to multinational brands under Novamax Industries LLP. They also launched their Own Brand "**Novamax**" which has launched *India's First BIS Compliant Coolers*. In 2018, another Production Unit for RC Sand was established to supply Raw Material to all major CP / Sanitary / Bathroom fittings & Car Engine Parts Manufacturing Companies. After establishing above Plants, they took a giant leap by conceiving an idea to start PTMT Sanitary & Bathroom fittings for Pan India & Overseas markets. So Mizu Bathware LLP started its independent journey in Aug' 2021 with a new Plant at Greater Noida (U.P.) for PTMT Products where more than 500 products are being manufactured at this state of the art plant.

*"Productivity" is never an accident. It is always the result of a Commitment to Excellence,
Intelligent Planning & Focused Efforts.*

By Paul J. Meyer

The Company followed & focused on seven major methodologies in its operations:-

DESIGNING & TECHNOLOGY

All manufacturing operations are monitored by the vigilant management professionals & highly caliber Technocrats with their utmost dedications to deliver time bound schedule of immaculate precision. Besides this Testing, R&D center facilitate by setting the industry benchmarks in sanitary & bathroom fitting solutions.

MANAGEMENT/ORGANIZATION

A well-organized management structure has been sourcing a dedicated team of different business functionaries – Marketing, Sales, Production, Quality, Purchase, Design, HR, Finance etc.

CAPACITY

Initially, the plant has a capacity to manufacture more than 200,000 pcs per month & can be multi folded at any given time as per demand.

WORK CULTURE & ETHICS

The Company has an ideology of a very ethical practices and believe in long term associations with its clients, suppliers to create a very good work culture.

VISION

With a clear vision to provide top quality products to its customers

QUALITY STANDARDS

The Company is following European quality standards in taps manufacturing.

GREEN TECH !

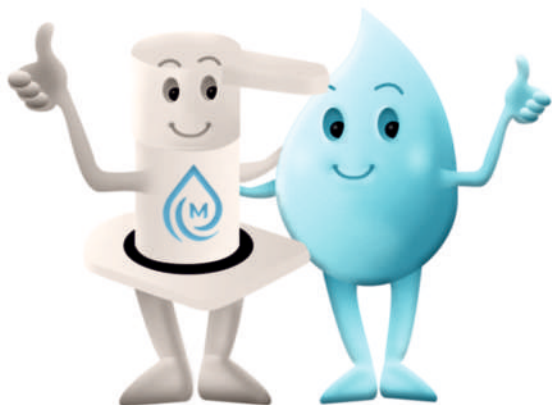

The P.T.M.T. TAPS and fixture industry has consistently delivered the eco-friendly goods. The products get more efficient and more durable almost every year, yet remain remarkably affordable. Every year, bath fitting can help us reduce water usages by about 5-10% like with MIZU BATHWARE fittings.

**SS 304
INSERT**

REINFORCEMENT

Specifically designed SS-304 Graded Steel pipe length has been inserted for Reinforcement & longer life of the taps.
